Apollo Has Landed is the Economic Club of Texas' Welcome Back Happy Hour, bringing members together after the summer for an evening of networking, conversation, and reconnecting. Join us at Better Half as we kick off another exciting season of Economic Club events.

Invitation only. The Economic Club of Texas and our sponsors control the guest list for this event.

Members only — with one exception. Each member may bring one plus-one who is from New York or has worked in New York. Enter your guest's name and email and we'll send them an invitation; they create a free Economic Club of Texas account with that same email and can RSVP themselves.
